

HcpXmlWorkflowChat Test Report

Generated 2026-07-01T18:54:36.316174+00:00

Metric	Value
Passed	36
Total	36
Collected	36

Test details

PASSED - tests/test api contract.py - test journey endpoints are registered

Duration: 0.001849 seconds

PASSED - tests/test api contract.py - test route modules remain small enough for review

Duration: 0.003414 seconds

PASSED - tests/test asag metrics.py - test jaccard is case insensitive and handles empty answers

Duration: 0.001524 seconds

PASSED - tests/test asag metrics.py - test keyword and length signals are bounded

Duration: 0.000978 seconds

PASSED - tests/test database metadata.py - test required workflow tables are registered

Duration: 0.001203 seconds

PASSED - tests/test database metadata.py - test submission retention and signature columns exist

Duration: 0.001268 seconds

PASSED - tests/test database metadata.py - test user permissions are persisted

Duration: 0.000479 seconds

PASSED - tests/test evidence.py - test signed exam receipt verifies and detects changes

Duration: 0.039279 seconds

PASSED - tests/test group exam features.py - test random groups are seeded balanced and complete

Duration: 0.000931 seconds

PASSED - tests/test group exam features.py - test choice scoring supports exact and penalized partial credit

Duration: 0.000526 seconds

PASSED - tests/test group exam features.py - test exam rules validate and produce weighted signals

Duration: 0.006204 seconds

PASSED - tests/test group exam features.py - test exam xml round trip preserves mcq and rejects unsafe format

Duration: 0.002124 seconds

PASSED - tests/test group exam features.py - test choice question schema rejects unknown correct options

Duration: 0.001790 seconds

PASSED - tests/test indexing.py - test split text preserves overlap and tail

Duration: 0.000478 seconds

PASSED - tests/test indexing.py - test empty text has no chunks

Duration: 0.000418 seconds

PASSED - tests/test ingestion and training.py - test text ingestion is content addressed and normalized

Duration: 0.000879 seconds

PASSED - tests/test ingestion and training.py - test upload question selects relevant context

Duration: 0.000895 seconds

PASSED - tests/test ingestion and training.py - test shortcut mitigation is seeded and reproducible

Duration: 0.000538 seconds

PASSED - tests/test ingestion and training.py - test model allowlist and submission hash validation

Duration: 0.009099 seconds

PASSED - tests/test integrity rights and scales.py - test apa review detects author year and references

Duration: 0.000739 seconds

PASSED - tests/test integrity rights and scales.py - test candidate passages prioritize substantial sentences

Duration: 0.000517 seconds

PASSED - tests/test integrity rights and scales.py - test roles and explicit permissions are combined

Duration: 0.029369 seconds

PASSED - tests/test integrity rights and scales.py - test grading conversions cover german british us and europe

Duration: 0.000544 seconds

PASSED - tests/test performance.py - test jaccard performance

Duration: 1.150249 seconds

PASSED - tests/test performance.py - test text extraction performance

Duration: 0.764466 seconds

PASSED - tests/test performance.py - test upload question performance

Duration: 0.244037 seconds

PASSED - tests/test performance.py - test hybrid fusion performance

Duration: 0.734547 seconds

PASSED - tests/test rest client contract.py - test client logs in and adds a fresh nonce

Duration: 0.004429 seconds

PASSED - tests/test sample data.py - test sample courses have questions and scoring evidence

Duration: 0.004366 seconds

PASSED - tests/test sample data.py - test training scores are valid and include label contrast

Duration: 0.002359 seconds

PASSED - tests/test search ranking.py - test weights are normalized and invalid weights rejected

Duration: 0.000683 seconds

PASSED - tests/test search ranking.py - test fusion combines duplicate hits and orders results

Duration: 0.000546 seconds

PASSED - tests/test security tokens.py - test passwords use argon2id and verify

Duration: 0.074348 seconds

PASSED - tests/test security tokens.py - test signature message is canonical and timezone required

Duration: 0.000620 seconds

PASSED - tests/test workflow policies.py - test exam lifecycle allows only forward transitions

Duration: 0.000551 seconds

PASSED - tests/test workflow policies.py - test visibility covers private direct group and public items

Duration: 0.000528 seconds
